The official “serial killer” story claims Jeff Dahmer used muriatic acid in his tiny apartment [without protective gear](#). During the time that Jeff lived in the Oxford Apartments, nobody in the building was ever overcome by fumes. Now, consider a ***genuine*** incident with muriatic acid that occurred in Los Angeles in January 2009 a Standard Hotel:

[Standard Hotel tied to subway_gas scare](#)

Feel free to check out the full article, but here's a brief overview:

Concerns over a possible terrorist threat emerged when a harmful gas cloud was detected in a subway station in downtown Los Angeles (located at 7th and Figueroa) on January 19, 2009. They investigated and found the poisonous gas was coming from a storm drain close to The Standard Hotel.

Hotel maintenance staff had dumped muriatic acid (from two barrels) into a drain on the roof, generating a hazardous cloud a block away that made people sick. The toxicity was severe enough to necessitate the closure of the intersection at 6th and Flower Streets.

Distance between the Standard Hotel and the Metro station at 7th and Figueroa.

People were vomiting from the fumes even though they were in a large, well-ventilated area.

The FBI and the LA City Fire Department's Hazardous Materials Squad investigated the incident. The hotel owner was charged with intentionally disposing of hazardous waste.

Consider that Jeff Dahmer claimed in his “confession” that he used muriatic acid (in a barrel) within the confines of his cramped apartment without any personal protective equipment (PPE) to dispose of bodies.

A. JUST SLIT FROM THE STERNUM TO THE YOU KNOW, PUBIC AREA, REMOVE THE INTERNAL ORGANS AND THEN CUT THE FLESH STARTING FROM THE CALVES LEGS, AND THEN UP, REMOVED THE HEAD AND PUT THAT IN THE FREEZER, AND UH..THE BONE, THE SKELETON THAT WAS DEPESHED I WOULD PUT IN THAT LARGE 80 GALLON COOKING POT THAT I HAD POUR IN THE BOX OF THAT WALL CLEANING SOLUTION, I'D STRIP THE REMAINING FLESH OFF, TURN UP TO A BOIL..AND DO THE SAME WITH THE HEADS SO I HAD A CLEAN SKELETON, A BIG CLEAN SKELETON AND UH..SOMETIMES I WOULD SAVED PORTIONS OF THE FLESH WITH CONSUMPTION MOST OF IT WENT OUT IN THE GARBAGE OR IN THE ACID BATH AND A LOT OF THE UNUSED SKELETONS WENT INTO THE ACID BATH TOO. OR WERE FLUSHED DOWN THE TOILET..SO THAT'S HOW IT WAS DONE.

Q. THIS RITUAL YOU HAD WITH YOUR VICTIMS, HOW LONG OF A PERIOD OF TIME DID THIS GO ON WITH JUST ONE VICTIM UNTIL YOU WERE TOTALLY SATISFIED?

A. IT'S, FOR A LONG TIME IT WAS JUST ONCE EVERY TWO MONTHS, NEAR THE END IT WAS ONCE EVERY WEEK.

Q. ONCE A WEEK?

A. YEAH JUST REALLY GOT COMPLETELY OUT OF CONTROL.

Q. NOW AS THE SKELETONS STARTED FILLING UP IN YOUR APARTMENT WERE YOU CONCERNED ABOUT DETECTION? OR ABOUT THE POLICE?

A. NOT UNTIL A POINT WHERE IT GOT TO THE POINT WHERE I COULDN'T EVEN FIT THEM IN THE FREEZER AND I HAD TO BUY THAT LARGE BARREL THAT HAD HEAVIER PLASTIC SO THAT I COULD ACIDIFY THEM WITHOUT ANY LEAKAGE OR SMELL. AND IT WOULD GET..

Q. WOULD THAT GET RID OF IT? (WOULD THAT MELT THEM OR..)

A. THAT, YOU CAN BUY THESE GALLON JUGS OF MURIATIC ACIDS, IT'S THE DILUTED KIND OF HYDROCHLORIC ACID..I HAD 16 GALLONS OF IT THERE WAITING

SUPERV. APPROV. SERIAL: [REDACTED] *67c*

Jeff Dahmer supposedly used muriatic acid in his tiny apartment without PPE

Necessary PPE for anyone working with muriatic acid
